What is the decorating competition?

- Since its inception in December 2012, the Morrows Christmas Decoration competition has generated a buzz of friendly rivalry between divisions, and a quiet wonder of who will take out the current year's title?
- For the month of December the office is transformed into a Christmas wonderland
- With tough decisions to be made, the Leadership Group takes on the difficult task of judging the winner early in the month – then let the speculation build for a week or two before the winning team is announced

Superannuation & Legal team
